

CS-100 AGGREGATE BASE (GRAY) CEMENT/AGGREGATE BLEND

DESCRIPTION

CS-100 AGGREGATE BASE is a high quality blend of Type I/II Portland Cement and Quartz Silica Sand. Quartz content exceeds 90% of the total aggregate filler (compare 74-83% from other manufacturers). Additional modifiers are incorporated to enhance the overall strength potential as a concrete overlay system when used with CenturyStone Concrete Bonder (CSR-1000).

TYPICAL USES

CS-100 AGGREGATE BASE is an integral component in the CenturyStone Concrete Repair System. The aggregate matrix permits overlays of various thicknesses to accommodate a variety of repair needs.

In addition, CS-100 AGGREGATE BASE is commonly used in the base-coat application for the CenturyStone Decorative Coatings system. When combined with CSR-1000 Concrete Bonder, the CS-100 AGGREGATE BASE will provide excellent coverage over existing concrete substrates.

METHODS OF APPLICATION

As part of a complete overlay system, the CS-100 AGGREGATE BASE can be applied by trowel, squeegee, screed, broom, brush or sponge. The consistency can be altered for a variety of repair or overlay applications.

PRIMARY FEATURES (as part of complete system)

- High Performance Concrete Technology
- 2" to Zero application thickness
- Re-pitch concrete surfaces (trip hazards, etc.)
- All-purpose base-coat
- Slip-resistant top coat (i.e. broom finish)
- Repairs broken concrete edges and spalls
- Compatible with acrylic-based products
- Minimal drying time
- Suitable for interior or exterior
- High abrasion resistance

APPLICATION INSTRUCTIONS

Add 1-2 gallons CSR-1000 Concrete Bonder (or pre-mixed concentrate) to 1-50# bag of CS-100 AGGREGATE BASE.

Mix in a clean bucket with an electric operated masonry mixing paddle. Rinse off mixing paddle and tools with water immediately after use. Apply CSR-1000 to substrate as a primer before application.

Do not install at ambient temperatures below 40 degrees F.

COVERAGE

As a base-coat application CS-100 will cover approximately 80-100 SF per 50# bag. Other applications will vary coverage.

PACKAGING

50# bag
pallet (56 bags)
